**SUMMARY OF THE REASONS FOR DECISION:**

The computer printout entitled *jb-5s* is classified as:  
Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

The publication is a computer printout of a black and white photograph. The photograph depicts part of a naked male's body, with a close focus on his genitals. There is no context for the nudity, and the Classification Office is of the opinion that the image is intended to sexually arouse the viewer.

The Classification Office is of the view that a restriction to an adult audience represents the minimum limitation on freedom of expression (as affirmed in the New Zealand Bill of Rights Act 1990) necessary to prevent injury to the public good.
